Letter of STC, PMA and MRA ODA Designation

Under Title 14 of the Code of Federal Regulations, part 183, subpart D, we at the Federal Aviation Administration (FAA) authorize Duncan Aviation (3701 Aviation Road, P.O. Box 81887, Lincoln, Nebraska 68524) as ODA-501013-CE. We find your organization qualified and capable to perform as a Representative of the Administrator for the purposes of performing design, production and airworthiness functions associated with the issuance of Supplemental Type Certificates and airworthiness functions associated with Major repairs, Airworthiness and Alterations and for the purpose of issuing Parts Manufacturer Approval supplements. You may use ODA procedures in accordance with 14 CFR Part 183, subpart D and your FAA approved procedures manual. This authorization expires on August 30, 2021, and is effective for applicable activities such as approving alterations, issuing airworthiness certificates and approvals, PMA supplements and the issuance of Supplemental Type Certificates for those model aircraft defined in the Duncan ODA Procedures Manual.

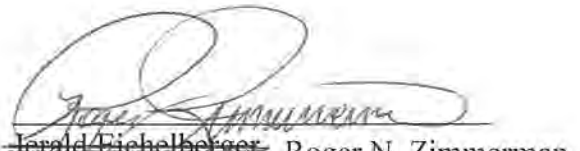

Congratulations! This is a significant milestone in your organization's relationship with the FAA. Your demonstrated performance and responsive attitude in working with us contributed to this approval.

Approved: ~~June 30~~^{July 26}, 2016
