2011 EMBRAER PHENOM 300 SN 50500044

2011 PHENOM 300 SN 50500044

N20TQ

Registration Pending

Duncan Aviation is excited to present Phenom 300 Serial Number 50500044. Not only does Serial Number 44 have an exceptional ownership history and maintenance pedigree, it is being offered as-is or with the following opportunities for the next Buyer:

- Zero “O” time since Hot Section Inspections by Pratt & Whitney (6 months / 500 hour or 12 months / 1000 hour Factory Warranty)
- Zero “O” time since Landing Gear Overhaul
- Zero “O” time since 120 Month Inspection
- Brand New Customized Interior*
- Brand New Customized Paint*
- Avionics and Cabin Communications Upgrades*

This cabin is configured comfortably with seven (7) club seats in the factory standard “center-club” floorplan, with individual tables for total convenience. Ample storage is provided by the forward left closet and a spacious externally accessible baggage compartment.

The Prodigy flight deck features Garmin’s Synthetic Vision Technology upgrade, enhancing both situational awareness and ease of use - even for single pilot operations.

Unmatched Efficiency, Performance, and Technology

The Phenom 300 stands at the top of its market segment. Head-to-head comparisons clearly demonstrate that no other business jet has its combination of size, cost of operation, range and runway performance. The Garmin Prodigy Integrated Flight Deck offers both Single-Pilot operation and the ease of transitioning into a flight deck that feels like home. You have earned the opportunity to make something your own. Allow us to assist you in painting your masterpiece with Phenom 300 serial number 44.

*Aircraft offered on an “as-is, where-is” basis without improvements. Improvements offered separately. March 2021 Paint slot secured at Duncan Aviation.

2011 PHENOM 300 SN 50500044

Duncan Aviation

Duncan Aviation was founded in 1956 as an aircraft sales organization and is a founding member of IADA. Since 1956, we have conducted more than 3,500 transactions. We have 2,150 aviation experts worldwide, each with an average of 12 years with the company. The aircraft sales team partners with these experts to provide technical support before, during and after the aircraft transaction.

Duncan Aviation is the world's largest privately owned business jet support facility. We provide business aircraft operators with every aircraft service they need. Yet we do so with the friendliness and responsiveness of a small-town company.

Our people have a passion for aviation and for serving customers. They are among the most experienced in the industry and the quality of the service they provide is among the best in the world.

Customers often visit our major MRO facilities in Battle Creek, Michigan; Lincoln, Nebraska; and Provo, Utah, and are surprised at our vast array of services, our innovative solutions and our excellent customer service.

We provide aircraft acquisition & sales, airframe & engine maintenance, avionics installations, interior & paint completions/modifications, avionics/instrument/accessory repairs & overhauls and parts support for Bombardier, Dassault, Textron, Gulfstream and Embraer manufactured aircraft. Our 20+ avionics satellites and 16 engine Rapid Response offices provide avionics and engine services in the field for scheduled and AOG work. And our parts team provides 24/7/365 support worldwide with knowledgeable reps who answer the phone day or night.
