

INFORMATION & CAPABILITIES

INTERIOR SOLUTIONS & REFURBISHMENT CAPABILITIES

“Impeccable fit and finish.” “Well thought out.” “Incredible transformation.” “Meticulous attention to detail.” “Stunning.” These are all common reactions from Duncan Aviation clients when they see their newly refurbished aircraft.

Our professional design team, in collaboration with our skilled and experienced technicians, ensures your interior is not only exquisite and fulfills your every desire, but also has the fit and finish to last for years.

Duncan Aviation’s many innovative interior solutions enhance the overall cabin aesthetics and your on-board experience, comfort, convenience, and enjoyment. We hand-craft nearly every aspect of an aircraft interior, right down to the stitching on the seats. Our award-winning interiors have earned the admiration and respect of operators and organizations around the world.

UPGRADING YOUR ENVIRONMENT

In addition to complete interior and cabinet refurbishment services, Duncan Aviation offers exclusive and unique interior upgrades. Services include the following:
